JUSTSALT® PRO

Saltwater chlorinator/pH regulator and ORP controller

To make the most of your saltwater chlorinator, it is essential to control chlorine and pH levels. Thanks to an ORP probe, JUSTSALT® PRO offers you an auto-adaptive production chlorine system, a real sample of innovations. Besides, JUSTSALT® PRO maintains pH level at an ideal value.

JUSTSALT® PRO provides three functions:

- An effective disinfection by saltwater chlorination
- An auto adaptive production of chlorine thanks to an ORP probe
- A smart pH regulation to optimize correcting agent consumption

With JUSTSALT® PRO, you avoid over or under chlorination issues. Thus you benefit a maximum comfort while optimizing the lifespan of your pool equipments (chlorination cell, cover, liner...)

→ 2 PROBES (supplied with accessories)

→ PH CALIBRATION SOLUTIONS

→ SALT/TH TEST STRIPS

A complete treatment, your way to peace of mind!

- **Self cleaning cell** by adjustable polarity inversion according to the water hardness
- **Display of water temperature**
- **Proportional pH regulation** adjustable set point from 6,8 to 7,6
- Acid or basic **correcting modes**
- **Factory calibrated pH probe** (no calibration during installation) with 1 year warranty
- **High/Low ORP safety**
- **ORP probe** warranted 1 year
- **Suitable for all kind of configurations:** indoor pool, automatic cover, pool enclosure...

JUSTSALT® PRO +

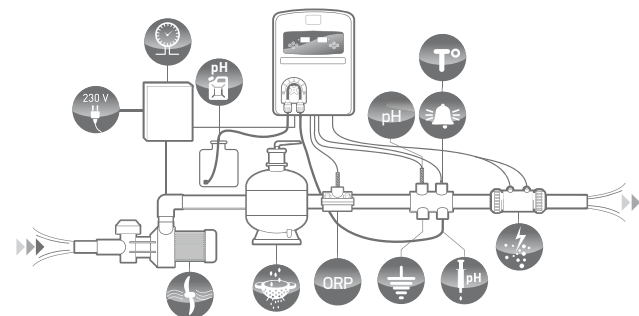

- Adjustable ORP set point and display of ORP value on digital screen
- **Proportional regulation** according to pool volume. Exclusive technology allowing correcting agent optimization
- **Automatic pool winterizing** and pool opening
- ORP probe **calibration**

OPTIONS

- **Analysis chamber**
- **Pool automation pool system SIMPLEO®**
- **POOL TERRE** grounding kit

> HOW TO INSTALL JUSTSALT PRO®

POOL TECHNOLOGIE +

- **20 years of experience** dedicated to the swimming pools water treatment (Made in France)
- **Advanced electronics** to combine performance and ease of use
- **High quality cells and probes** that provide exceptional lifespan
- **Real customer service** with a Hotline specially dedicated to end users
